PROFILE

Highly motivated and detail-oriented first-year BTech student in Computer Science Engineering with a passion for software development and innovation. Proficient in programming languages like [insert languages, e.g., Python, Java, etc.] and eager to apply technical skills to real-world problems. Strong problem-solving abilities and a keen interest in staying up-to-date with industry trends. Looking to leverage my skills and knowledge to contribute to a dynamic team and grow as a software engineer

EDUCATION

BTech in Computer Science | Poornima University
June 2024 - June 2028

XII | Santhome Higher Secondary School
April 2023 - April 2024

X | Santhome Higher Secondary School
April 2021 - April 2022

PROJECTS

1) Prayogam2025
Aug 2024 - April 2025

- **Project Link:** https://prayogam2025.jaincabs.in/
- **Role**: Lead Developer & Team Leader
- **Technologies Used:** HTML5, CSS3, JavaScript, PHP, jQuery, Responsive Web Design
- **Description:** Designed and developed the official website for Prayogam 2025, Poornima University's annual technology festival. The platform served as a central hub for participants and organizers, featuring event details, mentor profiles, a live countdown, registration modals, and a project evaluation system. Ensured mobile responsiveness, optimized user experience, and implemented interactive UI components to enhance engagement and accessibility. Led a collaborative development team and coordinated closely with faculty advisors for successful project deployment.
